

Greg Dale Is a graduate of Humboldt State University's Fisheries program. Greg has managed Coast Seafoods Company in Humboldt Bay, the largest oyster producer in California since 1995. Pacific Seafood Company acquired Coast 5 years ago, and has charged Greg with the process of renewing permits for current operations and growing production in Humboldt Bay. Greg is a past President of the California Aquaculture Association, a Humboldt Bay Harbor Commissioner and works hard to address concerns based on science to grow our industry in the state of California and Humboldt Bay.
