

Darren Mierau

Darren is the North Coast Director for California Trout.

Before joining CalTrout in 2011, Mierau worked as a watershed restoration and instream flow scientist across northern California, from the Pacific Coast to the Mono Basin.

Darren is currently leading CalTrout's the Eel River 'Headwaters to Sea Initiative', focusing on estuary restoration, water diversion management, fish passage along the NWPCo Railroad Line, and the next passage project at Scott Dam.

Darren is currently the elected Chair of the California Advisory Committee on Salmon and Steelhead Trout, and has twice been appointed to the Fisheries Restoration Grant Program Peer Review Committee.

Darren is a native Californian. He lives in Arcata with his wife and two sons.
